## A New Treatment that Beautifies Your Complexion

*Soften — Whiten — Cleanse in the Common Sense Way*

The texture of your skin depends upon the size of the pores. These little pores are the natural exits of the oils that tiny glands beneath the skin manufacture to nourish the tissues and keep the skin soft and smooth.

The dust and dirt that the face is exposed to, settle in these little pores and clog them. If these impurities are allowed to remain they will enlarge the pores and irritate the skin. A muddy, greasy skin is simply one that can not breathe.

### What Does Angelus Lemon Cleansing Cream Do?

Angelus Lemon Cleansing Cream is made of soothing oil emollients and whitening lemon. It works deep into the pores where soap and water will not go. The soft cream assimilates the oil and dirt that has accumulated in the pores and removes it. Rub the dainty cream well into the skin with the tips of the fingers. Always rubbing outward and upward so that tired droopy lines are not encouraged. Then with a soft cloth remove the cleansing cream.

### Now that the Skin Can Breathe — Nourish the Tissues

Angelus Skin Food replaces all the natural oils that exposure, over-heated houses and frequent powderings have drawn out of the skin. Without these oils the skin would soon become harsh, drawn and wrinkled.

At night, after your pores are cleansed with Angelus Lemon Cleansing Cream, massage Angelus Skin Food well into the skin. The hungry tissues quickly absorb the soothing nourishment and are kept supple and refreshed.

Angelus Skin Food is an excellent retiring cream. It not only strengthens and vitalizes the tissues beneath the skin but it whitens and softens the surface at the same time.

There are no harmful chemicals in any of the Angelus Creams and they positively will not grow hair. All the whitening is done by the action of the lemon which has been deftly blended with the soothing substances.
